

**Dear Supporter,**

On behalf of the Chewore Conservation Trust (CCT), thank you for your generous commitment to supporting the protection of one of Africa's most important conservation landscapes.

We would be delighted to speak with you about the specific areas where you may wish to have an impact. Whether your donation helps equip our rangers, supports local communities, funds anti-poaching patrols, enables wildlife monitoring, or contributes to mitigating human-wildlife conflict, it will directly strengthen conservation on the ground.

Every contribution – no matter the size – makes a tangible difference, and we are honoured to count you among our growing community of supporters.

Your involvement helps shape the future of Chewore, and we are committed to working with you in a way that reflects your values.

We also pledge to keep you informed about how your contribution is making a difference. From regular updates and field reports to impact stories from the landscape, we want you to feel connected to the work your generosity is enabling. We would be happy to discuss how you might prefer to receive recognition for your support, whether that be through public acknowledgement or more personal engagement with the project.

We are pleased to offer several tax-efficient options for making your donation, depending on your country of residence. Please find below the relevant information for each jurisdiction.

Kind regards,

The Chewore Conservation Trust
